Dear Jim:

Transmitted herewith is the schedule of the state highway expenditures for the decade ended June 30, 1972. In order to facilitate the use of this information in projecting the fiscal impact of your SCA 15, dollar amounts by county have also been expressed as percentages of the total.

The information was abstracted from the annual reports of the Department of Transportation, formerly the Department of Public Works. In addition to state highway costs, some expenditures of local government funds are included for work performed on local roads in connection with state highway projects. These amounts are not significant. In view of your intended use to project future impact and the time that would be required to eliminate these local expenditures, we have assembled this information without such adjustment.

With my warm best wishes,

Sincerely,

VINCENT THOMAS, Chairman
Joint Legislative Audit Committee

STATE HIGHWAY EXPENDITURES BY COUNTY
FOR THE TEN-YEAR PERIOD
ENDED JUNE 30, 1972

Attached is a schedule of the state highway expenditures for the ten years ended June 30, 1972. In order to facilitate the use of this information in projecting the fiscal impact of SCA 15, dollar amounts by county have also been expressed as percentages of the total.

The information was abstracted from the annual reports of the Department of Transportation, formerly the Department of Public Works, without audit by us.

In addition to state highway costs, some expenditures of local government funds are included for work performed on local roads in connection with state highway projects. These amounts are not significant. In view of the intended use to project future impact and the time that would be required to eliminate these local expenditures, we have assembled the information without such adjustment.

We believe that the department's accounting system will be modified to provide the necessary information in the event that the constitutional amendment is approved by the voters.

Walter J. Quinn
Acting Deputy Auditor General
